

CHICAGO BLACKHAWKS

1967 - 1968

PRICE \$1

Arthur M. Wirtz, Chairman of Black Hawks, presents Hockey's two greatest athletes. They jointly hold the league's scoring record with 97 points: Bobby Hull and Stan Mikita.

CHICAGO BLACK HAWKS OFFICIAL FAMILY

ARTHUR M. WIRTZ, Chairman of the Board, has been associated with the National Hockey League since 1931 and, with his partners, was instrumental in developing hockey almost from its infancy to its present popularity. Last year, upon the death of his long time partner and associate, James D. Norris, he assumed the chairmanship of the board and delegated the active management of the club to the younger men of the organization.

HIS son, William W. Wirtz, succeeded him as president and as Governor of the National Hockey League. His other son, Arthur M., Jr., (known as "Mike") is vice president; Tommy Ivan, general manager and Billy Reay the coach. These are the active executives responsible for the operation of the Black Hawks.

BLACK HAWKS' OFFICIAL FAMILY

(Continued from page 1)

Hockey was not a new task for Bill Wirtz when he was elected President and a league Governor last year. He had grown up in hockey with his family interest and has always been an ardent fan.

BILL is President of the Wirtz Corporation, President of the American Furniture Mart Corporation, President of the First Security Trust and Savings Bank, and an officer and director of many other companies, but his hobby and love is hockey. He has made a real business of it.

Immediately after becoming president of the Black Hawks he played an important role in the expansion of the National Hockey League from six to 12 teams and in the development of the National and local TV contracts which have been enthusiastically accepted by the fans.

Bill Wirtz

He works closely with his brother Mike and Tommy Ivan and Billy Reay in the operation of the team.

Bill lives in Winnetka with his wife and five children and you can often see the entire family rooting for the Black Hawks. He attended high school in Chicago and was graduated from Brown University in 1950.

Mike Wirtz

Mike Wirtz, vice president of the club, has also grown up in hockey and has long been an avid fan. He even plays on a local team when possible.

He is Vice President of Wirtz Corporation, Treasurer of American Furniture Mart Corporation. Director of the First Security Trust and Savings Bank, and an officer and director of many other corporations.

He is married and has one daughter, two years old. His home is in Chicago. Mike attended high school in Chicago and was graduated from Wharton School of Commerce, University of Pennsylvania in 1958.

THOMAS N. IVAN

GENERAL MANAGER

TOMMY IVAN has served in about every capacity in hockey and has many successes to his credit. He has coached three Stanley Cup winners and six National League championships.

He was general manager of the Black Hawks when they won the 1961 Stanley Cup and in the same capacity last year when they won their first Prince of Wales trophy.

He has been associated with the greatest names in hockey and can boast of having hockey's two greatest names in his organization in Bobby Hull and Stan Mikita.

Ivan's experience in his many hockey capacities of coaching, scouting and managing, has helped him in molding one of the best farm systems and scouting crews in the game today.

THEY say a general manager's job is never done. So Tommy is not resting on last year's championship team. On the contrary, you are liable to run into him any day or night in such remote places as Saskatoon, or Greensboro, N. C., or Muskegon, Mich., looking for talent.

Ivan also knows that he can count on full cooperation from the Wirtz family for any assistance. "As busy as they are, I can always reach them by picking up the phone, when I need help," Tommy says.

Tommy lives in Chicago with his wife, Dorothy. He is an avid golfer in the summer and newsmen can attest to his ability to find the best restaurants in whatever town he happens to be. He usually walks to the rink from the hotel, if it is within two miles. It helps keep down the tension, no matter how cold it might be.

WILLIAM T. REAY

COACH

ALTHOUGH Billy Reay scored four goals in one playoff game which still stands as a record, it is not by any stretch of imagination his biggest thrill.

Billy says at least 100 times a year, "There can be no greater thrill for a coach than to watch men like Bobby Hull and Stan Mikita do their job."

This pretty well tells the story of Coach Reay. He is a student of the game and enjoys every minute of his work, even seeing his charges in practice sessions. Although Billy played on several pennant winners and Cup teams during his NHL career, none of them compared with last season when he led the Hawks to their first league title.

A quiet, soft spoken gentleman who dresses meticulously, Billy could pass as a bank executive as well as a hockey coach. But don't let that quiet manner fool you. He can get his dander up and his players know the danger signals.

BILLY likes to win whether he's in a hockey game or a card game. No matter what he's doing, he puts his full concentration powers to work on that particular job at hand.

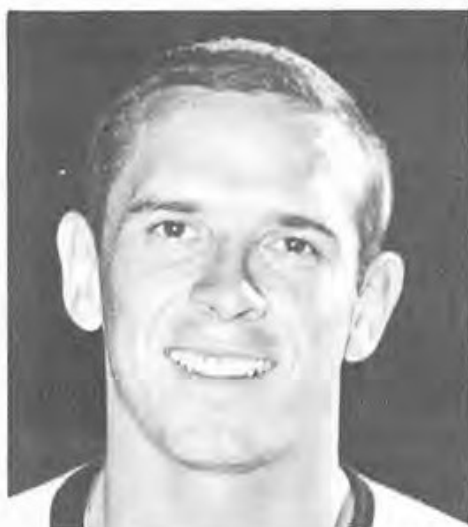

Billy, Jr., is the coach's pride and joy. The 15 year old is becoming quite a golfer and plays hockey on several north side teams. The Reays live in Chicago the year around.

Nick Garen, Hawks trainer gets whirl pool ready.

Don Uren, Hawks' asst. trainer, checks uniforms just back from cleaners.

ROGER BELLERIVE

LEFT WING

Shoots left 5'9" 158 lbs.

Born: St. Boniface, Man.

April 5, 1944

This bright young Black Hawk prospect seems to have a fine career ahead of him. Although he is the second smallest member of the team in stature (Pit Martin is smaller), he is certainly not small when it comes to scoring goals.

Last season, his third at St. Louis, he poured in 26 goals. This total placed him third on that club. The Hawks are expecting big things from Roger who spent his amateur hockey days at St. Catharines.

His most important asset is that he is a good skater, and this is about 70 percent of playing hockey. Came on strong in this year's pre-season training camp.

Hawks' 7th man on the ice.

DENIS DeJORDY

GOAL

Shoots left 5'9" 175 lbs.

Born: St. Hyacinthe, Que.

Nov. 12, 1938

Few hockey fans ever expected that Denis DeJordy's name would be inscribed on the Vezina Trophy in his first full season in the National Hockey League. Nor would they have imagined that Denis would lead the Black Hawks to their first NHL championship in more than 40 years.

But that's the kind of goalie this quiet mannered French lad is. The one person that wasn't surprised was Coach Billy Reay, who had Denis as his goalie in Buffalo when they won two titles in a row and the playoffs just before Reay came to the Hawks.

Denis played 44 games last year for the Hawks, dividing the work with Glenn Hall, now a member of St. Louis Blues. Denis had four shutouts, but more important he tended the nets in 12½ out of 14 games when the team went on a rampage just after Christmas.

Denis is not a flashy type of operator. He just goes out and does his job and lets the others take the bows. But his teammates know that Denis is in there when they need him.

A carpenter in the offseason, Denis has built himself a couple apartment buildings to augment his hockey pension when the day comes he must retire. He was the last of the Hawks to leave the bachelor ranks and his daughter Denise was born on Feb. 12, just before Denis beat Detroit in an afternoon game in the Stadium.

HOT LINES INSTALLED

The National League teams all have "hot lines" to league headquarters as well as among themselves. A teletype machine was installed this summer in all 12 cities as well as in the Montreal league headquarters and the N. Y. publicity office. This helps in announcing trades, waivers, and other technical problems between teams. It also should help speed up the release of statistics during the season.

DAVE DRYDEN

GOAL

Shoots left 6'2" 175 lbs.

Born: Hamilton, Ont.

Sept. 5, 1941

This quiet school teacher from the Toronto area has been in the Black Hawk organization two years. He spent a season with the big club understudying Glenn Hall, getting in only a few games. Last season he served a full swing with St. Louis Braves, the Hawks' Central League farm team, to gain the experience he will need now that Glenn has been drafted into the expansion part of the NHL.

Dryden has all the tools to be a steady net minder, and is expected to understudy Denis DeJordy this year, splitting the duties more evenly than he did his first season with the Hawks.

Because of his teaching background, Dryden has made a science of the game, studying every move of the opposition. None of his time on the bench is wasted because it gives him a chance to learn.

GERRY GOYER

CENTER

Shoots left 6'2" 190 lbs.

Born: Belleville, Ont.

Oct. 20, 1936

This big center has played for eight years in the Western Hockey League and has been a consistently high scorer. He possesses the one important asset that the Black Hawks can use at center: hockey experience.

Gerry's biggest thrill in hockey came when he scored two goals in the final game of the playoffs against Victoria to help Portland Buckaroos win the 1965 Lester Patrick Championship.

Gerry is challenging Pat Stapleton for club leadership in another department — children. He and his wife, Margaret, have five youngsters.

DENNIS HULL

LEFT WING

Shoots left 6' 185 lbs.

Born: Pointe Anne, Ont.

Nov. 19, 1944

Only eight players scored as many as 26 goals in the NHL last year. Dennis Hull had 25. This proves that young Dennis doesn't have to bask in the glory of his brother Bob, when it comes to starring in the NHL.

Some men play two or three years before they get 25 goals.

Taller than Bob, many think he has a harder shot than the famous Golden Jet. One of these is Coach Billy Reay who claims Dennis can shoot just as hard as Bobby.

Dennis and Bobby scored 77 goals between them last season, which establishes an NHL mark for brothers on one team. Some think this pair might make it an even 100 some year, not too distant. With the type of shot Dennis has, it is entirely possible for him to pick up 50 goals himself.

Coach Reay has spent plenty of extra hours with this youngster getting him to concentrate on the defensive aspects of the game, because he has all the offensive tools needed.

Dennis is married and has a daughter born during last season.

ROBERT MARVIN (BOBBY) HULL

LEFT WING

Shoots left 5'10" 195 lbs.

Born: Pointe Anne, Ont.

Jan. 3, 1939

There isn't much that hasn't been written about this greatest of all natural athletes. Bobby Hull probably could have been a Babe Ruth or a Jimmy Brown, or even a Jack Kramer if he had taken that road instead of the skating route to stardom.

News men and photographers never cease to marvel at the physique of this blonde bomber. While he is a couple inches short of six feet, his 195 lbs. spread almost perfectly over his small frame would make Atlas himself drool at the muscle formation.

His exploits on the ice have filled several books, as well as yards and yards of press clippings. No other hockey player has ever scored 50 goals twice in a career. Bobby Hull has done it three times.

Rocket Richard scored 26 hat tricks in 18 years of hockey. Gordie Howe has 17 in 21 years. Bobby Hull has 20 games of three goals or more in only 10 seasons in the NHL.

Bobby two years ago won the Lady Byng Trophy, along with the Most Valuable Player Award, but since learned that nice guys don't score 50 goals. So., Robert Marvin decided early last season to protect himself and his team by retaliating when opposition players tried to stop him illegally. This brings him a few more penalties, but it also keeps him from spending time on the bench with injuries.

Injuries kept him out of the last five games last year when he was only two goals from his own record of 54, but he had already broken a mark by picking up 52 goals to go with the 54 the year before. It was the third time in his career that he hit the 50 mark.

With Stan Mikita, Hull gives the Black Hawks the greatest 1-2 punch in hockey history. Both are tied at 97 for most points scored in a single season. Hull did it in 1965-66 and Mikita last year.

DOUG JARRETT

DEFENSE

Shoots right 6'3" 205 lbs.

Born: London, Ont.

April 22, 1944

While the Black Hawks were winning the championship last year, Dougie became of age as an NHL star. Big and strong, Jarrett proved he is one of the hardest hitters in the league.

Also a good stick handler, Jarrett usually lets Capt. Pierre Pilote do the play making, but when necessary Dougie moves down the ice like a forward. Also possesses a good shot. One of his fortes is ability to break up two on one plays by the opposing teams.

Graduated to the Black Hawks almost immediately from the St. Catharines amateur team, playing only a few games in St. Louis.

WILLIAM ORBAN

LEFT WING

Shoots left 5'11" 170 lbs.

Born: Regina, Sask.

Feb. 20, 1944

Showed plenty of promise as a checker in his two years on Los Angeles of the Western League. Bill was obtained in a trade just after training camp opened.

At 23, this strong skating forward should be heard from in the near future. He works as an apprentice electrician in the off season.

RAY McKAY
DEFENSE

Shoots left 6'4" 176 lbs.

Born: Edmonton, Alta.

Aug. 22, 1946

Nicknamed Mac, this tall defenseman is shooting for a spot on the Hawk squad right out of amateur hockey. Last year with the Moose Jaw Canucks he made the first all-star team. Ray, the youngest player on the Hawk roster, is single. Among his hobbies are tennis and golf.

Training camp work outs proved Ray to be a heavy hitter along the lines of Doug Jarrett and Gilles Marotte.

**RONALD (CHICO)
MAKI**

RIGHT WING

Shoots right 5'10" 170 lbs.

Born: Sault Ste. Marie, Ont.

Aug. 17, 1939

Now starting his sixth full season with the Black Hawks, Chico has earned the title of "unsung hero" among the league champions. Never high in goal scoring, Chico's value comes in his determined checking of opposing forwards.

One of the fastest men in the league on a short spurt, he is too dangerous to let loose. Thus, opposing lines can't leave Chico to spend all their time on Bobby Hull, so the Golden Jet gets plenty of help from Chico's type of skating.

Started out as center with Hawks, but likes the right side better. Coach Reay has himself an extra center, though, whenever Chico is around.

Last season was a frustrating one for Chico with several bad injuries keeping him out for long spells.

Although he doesn't score too much, (17 two years ago is his NHL high) he actually has one of the better shots in the league. Possibly playing with Hull and depending on him to do the shooting has held down his goal production. Ironically, last season Chico had only nine goals, but five of them were game winners.

WAYNE MAKI

LEFT WING

Shoots left 5'11" 160 lbs.

Born: St. Ste. Marie, Ont.

Nov. 10, 1944

Although he is five years younger than his brother, Chico, Wayne has shown beyond all doubt that he can put the puck in the net. Last season with the St. Louis Braves, Wayne scored 31 goals to place him second on the club.

Wayne hopes to make the parent club this season and give the Black Hawks a second "brother act" to complement Bobby and Dennis Hull.

GILLES J. MAROTTE

DEFENSE

Shoots left 5'10" 189 lbs.

Born: Verdun, Que.

June 7, 1945

This husky young Frenchman was the key player in the biggest trade of the off-season when the Hawks gave up Phil Esposito, Ken Hodge and Fred Stanfield to land Marotte along with Pit Martin and Goalie Jack Norris.

Marotte turned pro in the middle of 1965-66 and won the rookie of the year award for the second half of that season. Last year he played in the shadows of Bobby Orr, but continued to show that he can some day be hockey's top defenseman.

Willing to give out heavy checks, Gilles will help keep opposing forwards looking around when they cross the Hawk blue line. He and Doug Jarrett can see who can be the first to put a forward into the balcony. Certainly Marotte and Jarrett, along with Pierre Pilote and Pat Stapleton, give the Hawks the best all around defense alignment in hockey.

Played pro baseball in the fast Quebec league as a catcher and had several pro offers but decided to stick to hockey. Was instrumental in his Niagara Falls Flyer team winning the coveted Memorial Cup in 1965. When he was brought up to the Bruins in mid-season the following year, Niagara became just another hockey club.

HUBERT JACQUES (PIT) MARTIN

CENTER

Shoots right 5'9" 161 lbs.

Born: Noranda, Que.

Dec. 9, 1943

Possibly Pit Martin's greatest night in hockey came against the Hawks two years ago when he scored four goals to help beat them just after arriving in Boston from the Red Wings.

Not a flashy player, Martin has what most coaches pray for: the ability to put the puck in the net. While many can make the classic move and outskate the opposition, when it comes time to score, they can't pull the trigger. Martin has the "killer instinct" to capitalize on any break he might get and by hustling, his share of breaks develop during a game.

He had 20 goals last year for the last place Bruins and it is entirely possible he could approach the 30 mark playing with men like Chico Maki, Bobby Hull, Eric Nesterenko, and the great defense combinations on the Hawks.

A graduate of Windsor college, he has a degree in French and history. The Quebec native brings a French flavor to the Hawks to go with Pierre Pilote, Denis DeJordy and Gilles Marotte.

STOSH HOLDS COURT

Stan Mikita taught the Czechs a few things about the American way of operating while he was over in his native country this summer visiting his mother and brother. Czech papers commented on how much easier it was for the press to talk to Mikita compared to some of the native sports heroes.

STANLEY MIKITA

CENTER

Shoots right 5'9" 165 lbs.

Born: Sokolce, Czech.

May 20, 1940

After last season when little Stosh won the Hart Trophy as most valuable player, Ross Trophy as leading scorer, and the Lady Byng for sportsmanship, there really isn't much more that can be said about hockey's most dynamic star.

Playing in the shadows of Bobby Hull most of his life, even during their days in high school where they were teammates not only on the hockey team but in soccer and football, few people have given Mikita the recognition he deserves. However, his General Manager, Tommy Ivan and Coach, Billy Reay, never doubted Stan's ability, and last season he proved once and for all that not even the Golden Jet was any more valuable to hockey or to the Black Hawks.

Stan has led the NHL three of the last four seasons in points, and last year his 97 points tied the league mark set the year before by Hull. So the two greatest players ever to don a Hawk suit, jointly hold the NHL mark.

Many have thought that Mikita had a special chip on his shoulder and went out of his way to make enemies. But even this has changed in the past few years. When help is needed on or off the ice, Stan is usually the first to be ready to lend a hand. But he doesn't go around leaving phony impressions of his "image". Stan comes to play. Life, ever since he came to Canada from Czechoslovakia at the age of eight, has not been too easy for him. So a fierce competitive spirit developed early in life.

While many might compare him with Eddie Stanky or Leo Durocher, the comparison only goes so far. Actually, Stan has as good physical abilities as any athlete, which he couples with the same type of desire.

His golf game is proof of that spirit. He comes to win, even if it's a tiddly winks game and some how, he figures out a way to beat you.

Stan lives in Elmhurst in the off season with his wife, Jill, and two children.

DOUGLAS A. MOHNS

DEFENSE

Shoots left 6' 190 lbs.

Born: Capreal, Ont.

Dec. 31, 1933

The Black Hawks thought they had obtained a defenseman when they picked up Doug Mohns in the summer of 1964. But injuries and left wing problems made it necessary to move Doug up front. Now they have possibly the second best left winger, next to Bobby Hull in the entire NHL. Mohns always possessed speed and was considered one of the fastest men on the Boston team when the Hawks got him.

His work as a defenseman makes him one of the best checking forwards in hockey but he also has the speed and the shooting ability to be just as effective on offense.

Playing with Stan Mikita and Kenny Wharram, two comparatively small players, Doug adds the size and beef to keep opposing players from taking advantage of his linemates. His 25 goals last season was his life time high, although he had scored 20 once as a defenseman.

Now a bonafide member of the famous Scooter line, Doug is just as important to that high velocity trio as even Mikita because without Doug's ability to keep every one on his toes, Stan and Kenny couldn't do the tricks they do.

Makes his off-season home in Boston with his wife Jane and two children.

SIMMONS WAS VICTIM No. 1

Can you remember who Bobby Hull hit for his first NHL goal? It was Don Simmons of Boston on Oct. 22, 1957.

ERIC PAUL NESTERENKO

RIGHT WING

Shoots right 6'1" 195 lbs.

Born: Flin Flon, Man.

Oct. 31, 1933

The Flin Flon Flash is possibly the most underrated hockey player in the NHL. Eric can do as many things and do them well as any one of the Hawks.

More important, when every one else is having a bad night, that seems to be the time when Eric rises to the occasion. Nester came up to the NHL through the Toronto system and with as many superlatives attached to his name as even Jean Beliveau. He had scored more than 60 goals in his amateur days and people expected him to do the same in the NHL.

It turned out that Eric's defensive ability was what coaches developed more than his offense and he soon got the reputation as a low scorer. The fact remains that Eric is a 20 goal man, but spends a great deal of his time killing penalties and checking the top scorer on the opposition. Naturally this has held down his production.

Considered an "intellectual", whatever that is, Eric likes to delve into the theory of his game. But he is still a man of action when the chips are down.

Usually leads the team in short handed goals because of his ability to anticipate what the other guy is going to do and place himself in a position for break-aways just when things look worst for his own team. Even when he misses these opportunities he takes the pressure off and gives the Hawks a chance to settle down.

He is starting his 12th season with the Hawks. Spends the off-season working for a brokerage house and lives with his family in Evanston.

JACK NORRIS

GOAL

Shoots left 5'10" 175 lbs.

Born: Saskatoon, Sask.

Aug. 5, 1942

A good goaltender is hard to come by these days, but the Black Hawks feel that they have one in Jack Norris. Although Jack has spent most of his professional career in the minor leagues, he does have some National Hockey League experience under his belt.

During the 1964-65 season he played 23 games for the Boston Bruins and did a commendable job, even chalking up one shutout. He came to the Hawks from that Boston squad in the same deal that brought Pit Martin and Gilles Marotte to the club.

One thing Norris will enjoy: He won't have to face Bobby Hull now. Once in an exhibition game with Boston, Martin caught a Hull slap shot right on the forehead. Although knocked cold, he recovered to finish the game.

PIERRE PAUL PILOTE

DEFENSE

Shoots left 5'10" 173 lbs.

Born: Kenogami, Que.

Dec. 11, 1931

Hockey's perennial all star defenseman, Pierre is to the Black Hawks what Ernie Banks is to the Cubs. This past season the voters for the All Star team gave him the most votes of any defenseman. But for some strange reason he came in second when the defensemen were accorded votes for the James Norris trophy emblematic of the best defenseman in the league.

However, Pilote had earned the James Norris trophy three times in his lifetime, finishing second two other years.

He tied the record he and Bill Gadsby had held jointly last season with 46 assists for a defenseman.

Considered one of the best play makers in hockey, got a chance to concentrate on those duties more this past season when he was teamed with the strong and rugged Doug Jarrett. With Jarrett doing the rocking and socking, Pierre could worry about the play making.

Because he is one of the smallest defensemen in hockey, Pierre has had to develop a style built on finesse. Thus, many times he breaks up plays with such little effort that the fans don't realize he has done anything. He leaves the heavy hitting to his partner.

GEOFFREY POWIS

CENTER

Shoots left 6'1" 180 lbs.

Born: Winnipeg, Man.

June 14, 1945

Nicknamed Charlie, this Hawk center prospect played last season with the St. Louis Braves where his record was 8-15-23. Now in his second season as a professional, he is being given a chance to make the parent club. Geoff is married, and he and his wife have two daughters. During the off-season he keeps in shape by working on steel construction.

Really filled out since he came to the Hawk camp a year ago. Picked up 10 lbs. which were needed for his 6 ft., 1 in. frame.

MATTHEW J. RAVLICH

DEFENSE

Shoots left 5'10" 175 lbs.

Born: Sault Ste Marie, Ont.

July 12, 1938

One of the hardest working defensemen in the NHL, Matt was the victim of one of the most vicious games ever played in hockey last year when the Detroit Red Wings came to town for the final game of the Chicago season. Although Detroit was firmly settled in fifth place out of the playoffs and the Hawks had cinched the 1st place spot, the game turned into a war for reasons no one will ever be able to understand.

Ravlich ended up with a broken leg in two places and had to miss the playoffs. But with his fighting spirit and eagerness to be of service to the Hawks few doubt that Matt will be back better than ever this coming season. One of the best body checkers, Matt also served some time as a left wing and helped out there when needed. A good stick handler, he had low production figures because he handled the heavy work and left the play making to his defensive partners like Pat Stapleton.

Matt had been in the Hawk farm system, was drafted by Boston, but luckily for the Hawks, was brought back into the system in 1964. He was just fully recovering from knee surgery performed the summer before when he broke his leg.

TOM REID

DEFENSE

Shoots left 6' 195 lbs.

Born: Ft. Erie, Ont.

June 24, 1946

This tall, husky defenseman is trying to make the jump from amateur hockey to the Black Hawk defense corps. Last year while playing with the St. Catharines Black Hawks, he was chosen to the first all-star team. Unmarried and good-looking, Tom should have quite a few female fans in his "cheering section".

DOUG SHELTON

RIGHT WING

Shoots right 5'9" 170 lbs.

Born: Woodstock, Ont.

June 27, 1945

This young right winger amassed a total of 11-23-34 at St. Louis last season, all this in his first year as a pro. Even more amazing is the fact that although he appeared in 68 games, he only spent 4 minutes in the penalty box. If Doug can continue his rate of improvement, Stan Mikita may find his Lady Byng trophy in jeopardy to his own teammate.

Doug is one of the few unmarried players on the Black Hawk roster and could be a new idol for feminine fans. Doug Shelton could turn out to be a big name around Chicago Stadium.

He was a high scorer at St. Catharines and is expected to double his goal scoring this year.

WAYNE SMITH

DEFENSE

Shoots right 6' 195 lbs.

Born Kamsack, Sask.

Feb. 12, 1943

Wayne is a hardworking defenseman with a strong shot. He signed with the Black Hawks right out of Denver University where he was twice an All-American.

When injuries riddled the Black Hawk defense corps late last season, Wayne was called up from St. Louis and filled in as though he had been playing for the parent club all year. He even picked up his first NHL goal before a nationwide TV audience when the Black Hawks shellacked New York 8-0 on the last day of the season.

Wayne's biggest problem this year will be to break through what most observers feel is the best defense in hockey. It took him most of last year to make the transition from amateur college rules to pros.

He has a Masters Degree in business administration.

PATRICK STAPLETON

DEFENSE

Shoots left 5'8" 180 lbs.

Born: Sarnia, Ont.

July 4, 1940

Another former Hawk farm hand who was rescued back after he had been lost to another team, Pat Stapleton has developed into one of the most popular men on the Hawk team.

Although small, like Pierre Pilote, Pat makes up for it with fast reflexes and guts. While Pilote is the play maker with Doug Jarrett, Stapleton is the one who handles the puck when he plays with the other defense combination.

Pat and his wife Jackie have five children.

Pat made the second all star team two years ago and is considered one of the six or seven best blue line men in the league, even though he is one of the smallest.

Coach Billy Reay had Pat in Sault Ste. Marie of the then Eastern League, along with Matt Ravlich and several other current Hawks.

PAUL TERBENCHE

CENTER

Shoots left 5'10" 165 lbs.

Born: Port Hope, Ont.

Sept. 9, 1945

Last season, his first as a professional, Paul did a great job at St. Louis. In 63 games on defense his scoring record was an impressive 4-14-18. Small in size, Paul seems to copy the style of Pierre Pilote and could develop into a main stay in the Hawk organization despite his size. He had a low penalty record last year with only 39 minutes in the box.

Paul's skating ability made it possible for Billy Reay to convert him to center for the coming season.

KENNETH M. WHARRAM

RIGHT WING

Shoots left 5'9" 168 lbs.

Born: Ferris, Ont.

July 2, 1933

Kenny played his first game for the Hawks back in 1951-52, thus making him the "oldest" Hawk in point of seniority. He didn't come up to stay until 1958-59, playing parts of two other years with the Chicago team.

But once he was given the opportunity to use his speed, Kenny has developed into one of the most feared right wings in the league. His ability to rush from almost a standing start gives him the jump on defending forwards as well as the defense men. With Stan Mikita feeding him the puck, using Doug Mohns as a decoy, or vice versa, Wharram and his buddies comprise the famous Scooter line which has no equal in point production.

Kenny is always high in the percentage of goals per shot taken. Last season he had a 17.5 average scoring 31 goals on 160 shots, third highest in the league.

His biggest season was 1963-64 when he got 39 goals, winning the right wing position on the All Star team as well as the Lady Byng trophy. Last season he was voted the right wing berth on the All Stars for the second time.

With 195 goals in his lifetime, Kenny should be in the 200 class early this coming season.

While he and Mikita are line mates on the famous Scooter trio, they are also inseparable off the ice, Kenny serving as the straight man for some of Stan's dry humor.

Hawk Fans Get Big Bonus: WGN-TV To Televisе All Road Games

The Black Hawks and WGN-TV continue their pleasant relationship in which the Channel 9 station will again televisе all of the Black Hawk road games back to Chicago fans.

The veteran broadcast tandem of Lloyd Petit, play by play announcer, and Jack Jacobson, Producer-Director, will again handle the Black Hawks road telecasts for WGN television. This marks the eighth consecutive year that Channel Nine has brought the world's most exciting sport into the homes of Chicago-land viewers. It is also the third year in which WGN-TV has done all road games.

Lloyd Petit

Award winner Lloyd Petit is the only American Sports announcer ever to win a Television Emmy for hockey broadcasting. Petit won his statue for his great job on the 1965 telecasts. His sidekick Jacobson won his Emmy two years ago for outstanding excellence in Producing and Directing Sports and Special Events. This gives the Black Hawks the only award winning broadcast team in American Hockey.

So, we have the league champions handled by a championship telecast team.

Once again Chicago sports fans will thrill to the wonderful action of hockey as Lloyd Petit and Jack Jacobson's picture coverage brings you every explosive moment. The only way you could get closer to the action would be to lace on skates yourself and have at it.

CHICAGO STADIUM HOLDS BIG WINDY CITY SPORTS TRADITION

CHICAGO STADIUM, one of the world's largest in seating capacity, has been the scene of six national political conventions, championship fights, six-day bike races, wrestling, soccer, track, rodeos, symphonies, tennis, softball, midget auto racing, operas, basketball, religious revivals, dog, horse, and flower shows, swimming meets, circuses, and, of course, Black Hawk hockey.

Possibly three of the most unusual events ever held in the Stadium were two funerals and a football championship. The funeral rites were for Mayor Cermak and Patrick Harmon.

Pro Football

On December 18, 1932, perhaps the strangest indoor sporting event ever held was unfolded in the Stadium. Because of a blizzard, the National Football League championship game between the Chicago Bears and the Portsmouth Clippers was transferred indoors and played on an 80 yard especially designed field. The Bears won the game 9 to 0.

The Stadium has been graced by many personalities of the stage, business, athletic, and political worlds. In January, 1936, a blonde skater from Europe made her professional debut with the Hollywood Ice Revue. This lass from Norway, Sonja Henie, has since become the world's best known skater.

Many Presidents in Stadium

There have been countless personalities from the entertainment world who have appeared in the Stadium. Roy Rogers, Hopalong Cassidy, Bob Hope, Jimmy Durante, Bing Crosby, and Satchmo Armstrong are just a few. In fact, almost every known entertainer has at one time or another played the Stadium.

Politics also has contributed its share of world-known figures to the roster of those making Stadium appearances. These include Franklin D. Roosevelt, Thomas Dewey, Harry Truman, and John F. Kennedy. Kennedy held his last rally prior to the 1960 election

inside the Stadium. Roosevelt received the Democratic nomination twice in the Stadium, while Truman received his party's V.P. nomination.

The most impressive facility in the Stadium is probably the huge Barton pipe organ, capable of producing volume equivalent to 2,500 instruments of a brass band. Its keyboard is so huge it had to be built upright and semicircular so one man could operate it. The organ is powered by a 100 HP motor and twin Spencer turbine blower. The console weighs 7½ tons. It took 36 men to install the organ.

With a legal capacity of 26,085, the Stadium has held more than 30,000 for national political conventions.

Bismarck Hotel Leads Way to Boost the Black Hawks

FOR THOSE WHO WONDER why newspapers and readers spend so much time and energy on sports, let them study the events surrounding Black Hawk games in Chicago Stadium.

Many restaurants in the city have set up plans whereby fans can have dinner before the game, park their car and take a bus furnished by the restaurant to the Stadium. The idea has become so popular that new restaurant plans are popping up every year.

Pioneer in this operation has been the Bismarck hotel, where as many as eight bus loads have been seen caravanning to the Stadium after patrons have enjoyed dinner in the Swiss Chalet. The Bismarck parks your car and then there is a bus waiting at 7 p.m. to transport the passengers to the Stadium. It leaves after the game and helps avoid problems of traffic and parking.

Not all restaurants with plans are known to the Black Hawks because many buy their tickets on season plans and use their own means of publicizing among their own customers. Others set up bus transportation for those who already have their tickets.

At any rate, the Black Hawk games seem to generate extra business for many companies that see fit to use foresight and imagination.
